Schenectady, NY

Professional Summary

I am a highly experienced web developer with a proven track record of success in building and implementing software solutions. I have a strong foundation in various technologies and have demonstrated my ability to write well-designed, efficient, and effective code. I am dedicated to staying up to date with the latest developments in the industry, and I am comfortable working in a fast-paced, dynamic environment. I am a team player and have experience collaborating with cross-functional teams to deliver projects on time and within budget. My passion for innovation and problem-solving makes me an asset to any organization looking for a skilled and motivated developer to drive software development initiatives.

Summary Of Qualifications

I have developed a strong foundation in technologies such as HTML, CSS, JavaScript, and React, and have experience building end-to-end apps, Progressive Web Apps, and custom solutions for clients. I am proficient in various tools and technologies including Git, Linux, MongoDB, Firebase, and more. I have completed education in web development and computer systems engineering and have additional certifications. I am a valuable asset to any team, and I am confident in my abilities and eager to apply my skills and knowledge to new challenges and opportunities.

Skills

- Agile workflow
- UX design
- Troubleshooting
- Product development
- RESTful API development
- Algorithms & data structures

Software Engineer, 11/21 to 05/22

Akmazio – Albany, NY

- Worked on building an end-to-end app for iOS and Android using React Native
- Ensured code quality and performance through regular testing and debugging

Front-End Developer, 04/20 to 12/20

Psi – Albany, NY

- Built an end-to-end progressive web app using a React-Node-JSON stack
- Assisted with the integration of the app with the back-end API and database

Web Developer, 07/19 to 02/20

freeCodeCamp – Schenectady, NY (Remote)

- Worked with clients to understand their requirements and create custom solutions
- Maintained and updated existing websites as needed

Director Of Web Services, 03/14 to 01/15

Kameleon – Querétaro, MX

- Co-founded a company with a few college friends
- Acted as CEO and responsible for day-to-day operations
- Designed and developed static websites for clients

Web Developer, 08/11 to 10/12

Integra – Querétaro, MX

- Got recruited for my proven ability to solve problems without any technical skills.
- Accredited for a full college scholarship by CEO

JavaScript Fundamentals and Frameworks

AlbanyCanCode, 2019 and 2020

- Completed a comprehensive program focused on developing advanced skills in JavaScript and its frameworks, including React, React Native, and Node.js

- Learned best practices for writing clean and maintainable code, as well as techniques for optimizing performance and debugging

- Completed a final project where I built a full-stack web application using React, Node, and MongoDB

Web Development Courses

ShawnAcademy, 2019

- Completed a series of courses covering the fundamentals of web development, including HTML, CSS, JavaScript, and responsive design

- Learned how to create and style web pages, as well as how to build interactive web applications using modern frameworks and libraries

- Completed a final project where I built a single-page web application using React and the GitHub API

Computer Systems Engineering

ITC, 2015

- Completed four years towards a Bachelor's degree in Computer Systems Engineering

- Learned about computer hardware and software, as well as programming languages and algorithms

- Completed courses in a range of subjects, including computer architecture, data structures, and operating systems

- Participated in a group project where we designed and implemented a distributed system for managing and sharing files across a network using WebSockets.

Recommendations

Managed Directly:

"Roberto worked for me as a React Native Software Engineer on a mobile app we built together. He's been such a pleasure to work with. He's very sharp, works well in team settings, and is very dedicated and hard working..."

    – **Adam Steinberger**, *Certified Scrum Master*

Worked On The Same Team:

"I've had the pleasure of working on a team with Roberto for 4 months now on a Healthcare App called, "PsiLife." Roberto does not shy away from any challenge, in fact he often wants to take on the most difficult ticket presented to our team..."

    – **Dan Lubbers**, *Full-Stack Developer*

Facilitated A Course:

"I had the great pleasure of meeting Roberto during his time in the classes at AlbanyCanCode while I was a Program Manager there. Roberto is not only a very fast learner, he is eager to help everyone else around him learn and grow as well, and he was a tremendous asset to everyone else in the classroom with him..."

    – **Stacy Robison**, *Design Manager*

Managed Directly:

"I have the privilege of working with Roberto Morado at City Mission of Schenectady. He is an intelligent, hard-working man, and well-respected by our staff and residents. Roberto has earned our trust, and is now doing work that benefits under-resourced people in our community."

    – **Mike Saccocio**, *Executive Director*
